Gentle Flower **By Julia Rodriguez**

*A gentle flower grasps its branch,
while a huge wind tumbles through.
One pedal suddenly falls off,
and swiftly blows to you.*

*A second wind FIERCLY blows,
hard with SHOCK.
Another pedal falls,
and flutters to a friend.*

*A third wind blows,
and the third and fourth pedals fall off.
They swiftly blow to your other friends.*

*Together you make a flower of
FRIENDSHIP.
True and STRONG.
You drifted together,
but will soon fall apart by the winds of life.*
